

Dhow Dining Experience

With the honour of being a member of the Leading Restaurants of the World, few can resist the enticing allure of the Al Mourjan restaurant perched beside the sparkling waters of Doha Bay. The restaurant is a popular venue with its elegantly furnished interior and outside terrace with its far-reaching views. People come from far and wide

to sample the delights of the finest authentic Lebanese and International cuisine. It is hard to believe that this award-winning restaurant was only opened last year. Owner director Mohamed Al-Sadek wanted his customers to experience the complex flavours of traditional Lebanese cuisine. His belief is that his customers should take the time to linger and really savour the dishes placed in front of them.

Tradition is high on the agenda and his chefs use only the finest ingredients; the food is all hand prepared from the initial preparation and chopping to the cooking and final garnishing. When food is this good it deserves to be enjoyed at a leisurely pace, it is therefore no wonder that many of his guests come for dinner and stay for hours.

Mohamed soon realised that his customers really enjoyed the unhurried atmosphere and mesmerising views as part of their dining experience. This led him to the idea of offering a unique experience of dining on the sea and he introduced his dhow dining experience. To those that have dined here, it will come as no surprise that the dhow dining experience has proved to be extremely popular. Sumptuously furnished in beautiful colours, the Al Mourjan dhow can comfortably accommodate up to 24 people and takes its diners on a two hour culinary voyage of discovery around Doha Bay. A mouthwatering

selection of Mezze and other appetisers is freshly prepared in the restaurant kitchens and is taken on board just prior to the cruise embarking. Diners are offered a fantastic choice of the very best that traditional Lebanese fare can offer. Freshly-prepared salads including a healthy mix of olives, peppers, garlic onions and coriander to name but a few stand waiting to fill the mounds of soft, freshly baked khubz. Accompanying these are the wonderfully smoky babaganoush, not to mention the delightful hummus. It is then time for the on-board chef to work his magic; diners can sample the fragrant moist lamb, beef and chicken which is freshly cooked to their requirements. The famous Al Mourjan hammour signature dish is highly popular, as is the wonderful mixed seafood on offer such as lobster and juicy shrimp. Guests enjoy this sumptuous feast accompanied by the strains of Al Mourjan's own mix of soft music and the breath taking view of Doha Bay at night where a million twinkling lights are reflected in the crystal water.

It is no wonder that this is a 'must-visit' venue for visitors from all over the world. Honeymooners on short stops to their final destination enjoy the wonderful romance of the setting. Mohamed and his staff work around the clock to ensure that his customers enjoy a unique dining experience in a perfect setting. There are set menus for the cruise and prices vary depending on your choice,

and as one would expect it is popular and early booking is recommended. For further details call Al Mourjan restaurant on 483 4423 and experience for yourself "the touch of art with the taste of perfection" in a setting like no other.
